

NEW POSITION

Technical Superintendent - LPG

Location: United Kingdom

Duration: Permanent

Salary: Excellent Salary & Benefits

Position Details

Our client is looking for a technical superintendent to manage their LPG vessels. The ideal person will already be in a shore side technical role but an experienced Chief Engineer looking to come ashore will also be considered. This person will have overall responsibility for maintenance, repair and daily operation of a fleet of support vessels located around the globe.

Duties:

- Maintain fleet in full compliance with SOLAS, MARPOL, Flag State, and Class Society regulations.
- Work with vessel crew to troubleshoot and effect repairs.
- Assign vendors and vessel crew with maintenance and repair tasks.
- Plan and schedule annual Flag State and Class Society surveys.
- Plan and schedule Dry Docks.
- Provide senior management with vessel reports

Qualifications:

- Sailed as Chief Engineer
- LPG experience essential
- Previous Technical Superintendent experience preferred.
- Dry dock experience preferred
- Knowledge of Classification Society and Flag State rules.
