

NEW POSITION

Senior Technical Superintendent - Dredgers

Location: Worldwide

Duration: Permanent

Salary: Excellent Salary & Benefits

Position Details

Due to fleet expansion our client is seeking to add an experienced dredging engineer, to join their team to be stationed in different locations world wide on rotational basis.

As a senior Technical Superintendent you will manage the safe and profitable operations of the fleet assigned to you. You will be responsible for the coordination of maintenance and repair of the fleet.

You will follow-up on the docking of dredgers.

The ideal candidate will have:

BSc Industrial, Marine or Civil engineering, preferably with a specialisation in (electro)mechanics or the equivalent by experience.

Experience with dredging equipment.

Be able to speak English fluently, other languages are an advantage.

Be able to manage a team.

Be able to work independently.

Available to work on one of the overseas sites for extended periods of time.

In return for the above, you will be offered a generous base salary, potential for development, company paid holiday and the chance to work with an excellent employer
